

MANUAL DE CONFIGURACIÓ JAVA

- 1.- Comprovar que el JAVA està instal·lat o si la versió està actualitzada
 - Busquem "JAVA", dins els resultats anem a "Configurar Java"...

Anem a l'apartat "Java" i quan hi entrem cliquem a "view ... "

Comprovem la versió que tenim, en cas de no estar segurs o voler comprovar si existeixen més actualitzacions, fem un pas enrera i tornem a "Update" i cliquem a "Update now"

MANUAL DE CONFIGURACIÓ JAVA

2.- Un cop comprovat que el JAVA està actualitzat, afegim la pàgina que ens interessa

Pasem a l'apartat "Security", comprovem si al quadre d'excepcions hi figura l'adreça que ens interessa, si no la trobem, busquem el botó lateral "Edit Site list"...

	java Control Panel	
	General Update Java Security Advanced	
	Enable Java content in the browser	
	Security level for applications not on the Exception Site list	
	Very High	
	Only Java applications identified by a certificate from a trusted authority are allowed to run, and only if the certificate can be verified as not revoked.	
	(e) High	
	Java applications identified by a certificate from a trusted authority are allowed to run, even if the revocation status of the certificate cannot be verified.	
	Evention Site List	
	Applications launched from the sites listed below will be allowed to run after the appropriate security	
	prompts.	
	Edit Site List	
	Restore Security Prompts Manage Certificates	
XII.		
	OK Cancel Apply	

Cliquem a "Add" per afegir el nostre link, un cop afegit sortim amb "OK" https://tramits.valls.cat

Podrem comprovar com les adreces que hem introduït i ens interessen surten dins el requadre d'excepcions.

Java Control Panel	
I Enable Jave content in the browser	
Security level for applications not on the Exception Site list O Very High	
Only Java applications identified by a certificate from a trusted authority are allowed to run, and only if the certificate can be verified as not revoked.	
Wigh Java applications identified by a certificate from a trusted authority are allowed to run, even if the revocation status of the certificate cannot be verified.	
exprison Site List Applications launched from the sites and below will be allowed to run after the appropriate security prompts.
